Escape to New England

If northern New England's natural beauty is beckoning you, try these family-friendly destinations in Maine, New Hampshire and Vermont.

By the sea, by the beautiful sea

Unplug, unwind and reconnect with family members at Sebasco Harbor Resort, an old-fashioned summer retreat that sprawls over 575 breezy oceanfront acres near the tip of the historic Phippsburg peninsula, just south of Bath. New owner Bob Smith has been updating the facilities of this 77-year-old family favorite while preserving its essence. From candlepin bowling lanes to the outdoor saltwater pool, from the ice cream shop to the weekly lobster bake, from cruises on the M.V. Ruth to the nine-hole executive and three-hole family golf courses, Sebasco recalls a simpler era, but it does so without sacrificing modern conveniences.
