

# Sebasco Harbor Resort

## The Best Kept Secret in Maine

Ottawa Life Magazine | March, 2004

*“Across the Casco Bay from Portland, Maine, lies a resort destination steeped in a long history of rustic pampering and leisurely recreation...from the original grandfather clock in the Great Room of the Maine Lodge, to the village-style resort layout, to the cool ocean breeze, much of the charm of Sebasco remains.”*

*“Founded on a commitment to recreation, Sebasco offers a wide variety of activities for guests of all ages and skill levels. Sebasco’s recently redesigned golf course offers a challenge for seasoned golfers, while the three-hole, three-par Lake Course gives beginners a place to test their skills. For those with a craving for open waters, activities such as kayaking, sailing and fishing are also available. Finally, while fitness-minded guests sweat it out at the fitness center or refresh themselves in Sebasco’s salt-water pool, kids can enjoy the slides and swings at the children’s playground.”*

*“With 75 years of operation under its belt, Sebasco keeps catering to the pamper-inclined, and the pamper-inclined keep coming back. Must be the cool sea air.”*
